

## Farming Smarter event welcomes community to fields

AUG. 16, 2019

By Greg Bobinec

Farming Smarter is inviting the community out to their fields to learn more about how their food goes from being grown to their table, with their annual Open Farm Day.

This Saturday, from 10:30 a.m. until 2 p.m., families and community members are encouraged to join Farming Smarter for a day out in the field, filled with learning, sharing, and picture taking. Farm Days is a Canada-wide initiative that is focused on teaching urban areas about all the steps that take food from local farms to our tables.

Throughout the day, people will be able to get any of their questions answered at the ask a farmer booth, learn from the wagon ride into the research plots, taste and buy locally grown and made Alberta food products, talk to 4H leaders along with federal and provincial scientists, climb on large machinery, take photos in the sunflower field, and enjoy a \$5 BBQ lunch.

Join Farming Smarter this Saturday for their annual Open Farm Day, to learn more about many aspects of modern day agriculture. Farming Smarter is located on five minutes out of the city, located at 211034 Hwy 512, across from the Lethbridge Correctional Centre.
