

Farming Smarter: Plot Shots — Canola establishment

Aug. 8, 2019

Video: <https://www.youtube.com/watch?v=zN023IliOo>

Farming Smarter General Manager Ken Coles talks about Canola establishment in this Plot Shots episode.

Coles says farmers should aim to make sure the canola has 'canopied' over by the time summer solstice rolls around so that the plant can harvest as much of the sun's rays as possible to maximize yield potential.

In this video Coles shows off how much seeding rates and precision affects canopy.
